ERT Group is pleased to announce the promotion of Andrea Garay as our Microsoft Dynamic NAV and GP Services Delivery Manager.

Fort Lauderdale, FL. – August 24, 2010 – ERT Group is pleased to announce the promotion of Andrea Garay to Microsoft Dynamics NAV and GP Services Delivery Manager. She will be responsible for managing and ensuring that the levels of performance of services to our clients are achieved. In addition, Andrea will be assigned with strategic tasks to help build upon the company's success and further development in the future.

Andrea Garay joined ERT Group in May 2008 as an ERP Senior Consultant, planning and leading a range of clients and projects. Drawing on her knowledge and experience, she creates innovative insights for our clients, adapting methods and practices to fit operational team and cultural needs.

Her solid functional knowledge brings value to every project, because she is not limited to the implementation of a solution, and also provides a tailored result based on the specific needs of our client's business

Some of the areas Andrea Garay has helped ERT Group grow and develop a steady client base has been through:

- Leading Microsoft Dynamics GP implementation projects
- Managing Microsoft Dynamics GP integration with other software
- Working on special projects as Project Manager
- Providing support and training to help clients succeed in their business practices

Being a Microsoft Dynamics GP user for more than 10 years, and with her experience in the accounting area, she has been a great facilitator with a keen ability to develop and implement major Microsoft Dynamics ERP projects. Her controller background makes it easy to understand and identify the best business practices and processes for our clients.

“Andrea has been an important link among projects, programs, customers and resources and she has been instrumental in building strong relationships with clients and making sure the services provided are of quality and profitable. We are excited to promote her to this important position in our organization” said Michael Medipor, president of ERT Group.

Andrea's background and experience as an ERP Senior Consultant, plus her proven people management skills, will bring to this position qualities that will ensure that systems, processes and methodologies are followed, assuring our clients of effective monitoring, control and support of service delivery.

We congratulate Andrea Garay, and look forward to a prosperous future with her.
